Why Coaching?

Coaching is the process of 'coming alongside'. There are many times when it would be helpful to have someone alongside to help you define your vision, clarify your goals and indentify action plans.

Coaching and mentoring are powerful approaches to unlocking and releasing God's dream for each of us, no matter what stage of life we are at. Whether in ministry, in our families or in our workplaces, the skills of asking powerful questions are key to empowering those around us.

This stand-alone seminar explores the foundations for healthy coaching and mentoring, the unique features of each, and introduces the basic skills and resources in the GROW coaching model. It is also the launch pad into a six month training process. Successful completion of this process will result in Coaching Accreditation provided by the Baptist Union of NSW.
